NEW ORLEANS UNIVERSITY

was founded in 1873, and chartered by the Legislature of Louisiana. The school has had a most useful career, and has graduated from its halls many prominent and representative men of the colored race. The students have come from all the Southern States, and from Honduras, Panama, Cuba and the Islands of the British West Indies.

The University has made a unique record as a Christian School. The thoroughness of its work, the number and variety of its departments and courses, the comfort and conveniences of the Dormitories, the efficient and sympathetic care of the girls by women who understand them, the wise oversight of both sexes, the religious advantages, these all call for the attention of parents and prospective students.

BUILDINGS AND GROUNDS

The University, at 5318 St. Charles Avenue, is in one of the most beautiful sections of the City of New Orleans. The grounds include nearly two city squares.

The main building is of brick, five stories high, one hundred fifty feet front, with an ell in which is a large dining room and kitchen.

Besides a large parlor, class and society rooms, there are Dormitory accommodations for one hundred fifty students in this building. The building is steam heated.

A building 36x78 feet, two stories high, is used exclusively for recitation rooms. It will accommodate three hundred fifty students.

The main building is provided with fire escapes.

The value of the entire property is \$250,000.

The new annex contains a large auditorium, besides recitation rooms and laboratories.

NIGHT SCHOOL, INCLUDING GRADES ONE TO EIGHT.

ADMISSION.

The University is open to young men and women of all religions. It aims to give all alike a thorough Christian education.

Applicants for admission must furnish satisfactory evidence of good moral character.

No student leaving another school during the year will be admitted without a letter of honorable dismissal.

Students are admitted for not less than one month, and no deduction will be made for absence except in case of protracted illness.

Students coming from other schools must bring a certificate showing what studies they have completed.

EXAMINATIONS, GRADES, Etc.

Twice during each term, all students are required to pass a written examination, and are graded accordingly.

A record is kept of daily work in each recitation, and this, averaged with the examination grade, determines the student's actual standing.

A grade of seventy per cent in any study is necessary for advancement.

These grades are placed upon the permanent record of the University, and abstracts are sent to parents at the close of each term.

Students may not take less than four studies without special permission.

Those who can not complete the regular courses are permitted to elect studies subject to the approval of the faculty.

TEXT-BOOKS.

Students should not purchase text-books until they are assigned classes. Books and stationery of all kinds used in the school can be had at the office of the University. As text-books are sometimes changed, second-hand books should not be purchased before consulting the President or designated officer. Books must be paid for on delivery.

GOVERNMENT AND REGULATIONS.

It is the purpose of the University so to develop the habit of virtuous self-government that it will become a fixed principle of character. With this end in view, the rules adopted are few, plain and reasonable.

Students who do not apply themselves diligently to their studies, who do not conform willingly to the rules, or whose influence is evil, will be suspended or expelled at the discretion of the President.

There are regular hours. These must be scrupulously observed.

Ladies can not receive visits from gentlemen other than fathers or brothers except in the presence of a chaperon.

Students are not allowed to receive calls on Sundays without special permission.

Unless by special arrangement, students over ten years of age whose parents do not reside in the city must board in the Dormitory.

Students will not be allowed to discontinue a study until completed without the consent of the President.

All boarding students are required to attend University Sunday School, Preaching Service, Afternoon Quiet Hour and Evening Service.

All students are required to attend a daily Chapel Service.

No student boarding in the University is to be absent from the grounds except by permission.

Students must keep their rooms clean, in good order, and ready for inspection at proper times.

Students must not contract debts, either at the University or with outside persons. Parents and guardians are expected to provide for all necessities.

The use of intoxicating liquors, or tobacco in any form, using indecent or profane language, and all other improper acts are strictly forbidden.

Students are not allowed to have in their possession firearms of any kind.

Students must deposit twenty-five cents for room key, which will be refunded at the end of the session when key is returned.

SUGGESTIONS AND REQUIREMENTS.

Students, on their arrival at the University, are advised to deposit their money in the office for safe keeping. The University will not be responsible for money lost unless it is thus given into its care.

Money for students should be forwarded to the President, by post-office money-order or registered letter. A receipt will be given for all money received.

Direct all letters and packages in care of the President, New Orleans University, 5318 St. Charles Avenue, New Orleans, La.

Every student must be provided with rubber shoes and an umbrella, also with plain and comfortable clothing sufficient to last at least one term.

Simplicity in dress is encouraged.

All boarding students should bring with them a bedspread, a pair of blankets, a heavy quilt, a mosquito bar, sheets, pillow cases, towels and napkins.

CAUTION.

On arriving in the city, keep your checks until you reach the University. Your baggage will be sent for and delivered at the least possible expense. Take the St. Charles Belt Electric car which will leave you at the University.

Do not start from home so as to arrive at the University on Sunday.

Students will find it greatly to their advantage to enter at the beginning of the term.

MAIL MATTER.

A designated officer claims and exercises the right to open and inspect all mail matter addressed to young ladies, excepting such as comes from their parents.

LITERARY SOCIETIES AND OTHER AUXILIARIES.

The University maintains Literary Societies, a Temperance Society, a Young Woman's Christian Association, a Missionary Society, a Sunday School, and other auxiliaries.

The Missionary Society, called the "William Taylor Band of Friends of Africa," keeps constantly before the minds of students

the redemption of Africa. A goodly number of the graduates of the University are teachers and leaders in Africa, and the society maintains a student in one of the Colleges.

In the Societies and various institutions of the University, students have a splendid opportunity for instruction and practice in public speaking and the conduct of public meetings.

The daily Chapel exercises are impressive. The University is noted for the large number of visitors who appear on the chapel rostrum. Students thus come to be familiar with representative persons in the various walks of life.

Public worship is conducted every Sabbath at 11 o'clock a. m., in the University Auditorium.

RELIGION.

The University is positively Christian. Christian education is its policy. Its law is the law of Christ. The school is generously broad, and no attempt is made to draw students from their religious faith.

ATHLETICS.

The University has a fine record in manly sports. The Athletic Association is under the direction of the President and Faculty, having a member of the Faculty connected therewith. The rules appended, which are rigidly enforced, indicate the clean character and strict government of play.

RULES.

1. No student shall be permitted to be on any of the athletic teams or take part in any interscholastic contest, either at home or away from home, until he is an approved student of the University, and is making a standing in studies, work and conduct satisfactory to the Faculty.

2. After having become members of any of the teams, students shall remain on them only as long as their studies, work and conduct are satisfactory to the Faculty.

3. No match game at home or away from home shall be arranged without the consent of the President.

4. Before each match game at home or trip from home, a list of the players and substitutes must be submitted to the President through the Faculty member of the Athletic Association.

5. Any member of a team who cuts his class or neglects study in order to play or practice thereby severs his connection with the team.

6. Teams are not permitted to travel on Sunday, either going or returning.

7. No student shall receive remuneration in any form or from any source for his services on any athletic team.

BASKETBALL TEAM AND GROUNDS.

BASEBALL TEAM

OFFICERS OF THE UNIVERSITY.

The offices of the University are located at 5318 St. Charles Avenue, New Orleans, La.

Careful attention is given all correspondence. Information in detail touching all departments is promptly and cheerfully sent upon request. Address all communications to the President, whose standing address is 5318 St. Charles Avenue.

EXPENSES.

Registration Fee, from all students	\$ 1.00
Incidental Fee, day students, first six grades per month..	1.00
Incidental Fee, day students, above sixth grade per month	1.50
Board in Dormitory with room, heat, light and Incidental Fee, for all students, per month	11.00
Room rent and Incidental Fee, for students who take meals outside the building, per month	5.00
Lessons on piano or organ, including use of instrument, Per month, two lessons a week	3.00
Per month, one lesson a week	2.00
Lessons on violin, per month	2.00
Lessons in voice	2.00
Drill in chorus, free.	
Stenography, per month	2.00
Typewriting, per month	2.00
Rent of typewriter for practice, per month50
Laboratory Fee for Chemistry or Physics, per semester..	1.00
Diploma, College	5.00
Diploma, Normal	3.00
Certificate, College Preparatory	2.00
Certificate, English Department	1.00
Certificate, Music Department	3.00

The children of traveling ministers are given half rates in Incidental Fees.

The first payment is due on registering. A payment is due on the first of every school month thereafter.

No deductions are made for absences except in case of prolonged illness.

Students entering late expecting to make up back work and thus secure promotion with their classes, must pay Incidental fees for the whole year.

College students must pay full Incidental fees at the beginning of each semester.

Checks are subject to the usual exchange, and should be made with this in view.

Credit for work is applied to the expenses of the month following that in which it is done.

Students are required to care for the halls on which they room.

A laundry is furnished where the girls may do their own washing. A small fee of twenty-five cents a month is charged for soap, fire and maintenance.

NEW ORLEANS UNIVERSITY

SCHOOL YEAR 1913-1914.

The school year of the University is thirty-two weeks long, divided into eight teaching periods of four weeks each. Please observe carefully that the school year does not count by calendar months, that is, from the beginning of one month to the beginning of the next. The session goes by periods of four weeks each. The student pays for a period of four weeks.

The school period for the school year beginning September 29th, are as follows:

From September 29 to October 27...	4 weeks
From October 27 to November 24...	4 weeks
From November 24 to December 22...	4 weeks
From December 22 to January 19...	4 weeks
From January 19 to February 16....	4 weeks
From February 16 to March 16.....	4 weeks
From March 16 to April 13.....	4 weeks
From April 13 to May 12	4 weeks

32 Teaching weeks.

From the above schedule it can readily be seen that when a student pays for the last period of the session he is not paying for the month of May. His last four weeks' period ends May 12.

EXTRACT FROM RULES MADE BY FREEDMEN'S AID SOCIETY:

"SECTION 2. All tuition and other student bills shall be paid in advance and no student shall be permitted to enter without presenting to the teacher a receipt or pass-card from the treasurer showing that his bills are paid. *No president is permitted to give credit for school bills.*"

PRIZES.

The Frederic H. Knight prize for excellence in English will be awarded to the student of the College Preparatory or Normal Department making the best record in this study.

SELF-HELP AND STUDENT AID.

A desire to help one's self is commendable. However, the chief end of one's school course is not to secure a living but an education. This should be emphasized. No student as a rule can do work enough to support himself and at the same time find opportunity for study. To attempt to do so frequently defeats the purpose of his coming to the school. It is better to wait and earn money sufficient to pay at least the greater part of the expense. We can furnish only a limited amount of work for worthy students and do not guarantee work to any. The city of New Orleans offers many opportunities for young men desiring work and we are glad as far as possible to assist them in securing positions. Deserving students, members of the Methodist Episcopal Church, in the advanced classes may obtain loans, upon recommendation of the Faculty, from the Board of Education.

Independence and self-reliance on the part of students are emphasized as an important part of their education.

NIGHT SCHOOL.

The Night School of the University will be in charge of competent teachers. Instruction will cover the work in all the grades, one to eight. Credit will be given in the Day School for work done in the Night School.

PECK INDUSTRIAL HOME.

PECK SCHOOL OF DOMESTIC SCIENCE AND ART.

*Under auspices of the Woman's Home Missionary Society of the
Methodist Episcopal Church.*

5323 PITT STREET.

MISS IDA M. GIBSON, SUPERINTENDENT.

MISS MINTA HUNGERFORD, Domestic Art.

MISS ELIZABETH CASSELL, Domestic Science.

MISS MARY LEE TURNER, Assistant.

(1) One of the most beautiful and interesting buildings on the campus is Peck School of Domestic Science and Art.

(2) Domestic science, or household science, is very important, for it strikes at the root of things. "The home is the center of the universe, and woman is the center of the home."

(3) The object of domestic science is to fit young women to be good housekeepers, wives and mothers, and to teach them how to keep house so as to make it a place of health, comfort and happiness.

(4) The drudgery connected with household work vanishes when a sufficient amount of knowledge is gained so that it becomes a science.

(5) The Domestic Science Department offers a good, practical course in food and cooking, sanitation and general house-keeping.

FIRST YEAR.

Spring Term—SEVENTH GRADE—Study of fruits, beverages, water, carbo-hydrates. (a) Starches. (b) Sugar. Cookery of vegetables, cereals, fruits.

SECOND YEAR.

Fall Term—EIGHTH GRADE—Study of proteids, fats and oils. (a) Flour. (b) Milk. (c) Meat, eggs, fish; cooking the same. Bread and cake making.

THIRD YEAR.

Spring Term—FIRST NORMAL—Geography of foods; principles in cooking; advanced cookery.

FOURTH YEAR.

Fall Term—SECOND NORMAL—Home sanitation, home management; planning and serving meals.

FIFTH YEAR.

Spring Term—THIRD NORMAL—Home nursing; invalid cookery.

SIXTH YEAR.

Fall Term—FOURTH NORMAL—Dietetics; demonstration work.

DOMESTIC ART.

The instruction in this department includes Plain Sewing, Fancy Work, and Dressmaking. Practice work is given in all kinds of hand sewing, cutting, fitting and the use of the sewing machine.

The plain sewing course includes all work from Fourth Grade through Third Year Normal, and leads to a certificate.

The dressmaking course fits for the work of a regular dress-maker, and is a special course. It leads to a diploma. A fee of \$1.00 per month will be charged in this course.

COURSE OF STUDY.

FOURTH AND FIFTH GRADES (Two periods per week, full year)—Use of thimble, needle and scissors; basting, hemming, seams, over-handing, over-casting, mending and darning, buttons and buttonholes, piecing quilts. Fancy work. (Outline work and cross-stitch).

SIXTH GRADE (Five periods per week, full year)—Review of seams, buttons and buttonholes, mending and darning. Making of aprons, etc., by hand.

Fancy work. (Simple embroidery stitches).

SEVENTH GRADE (Five periods per week, 1st semester)—Making of fancy aprons, plain underwear, etc., by hand.

Fancy work. (Working initials, fancy bags, etc.)

EIGHTH GRADE (Two periods per week, 2nd semester)—Use of sewing machine, making of underwear and plain garments.

Fancy work. (Hemstitching and drawn work).

FIRST NORMAL (Three periods per week, first semester)—
Advanced work in garment making. Use of patterns, cutting and fitting of plain garments.

Fancy work. (Solid and eyelet embroidery).

SECOND NORMAL (Three periods per week, second semester)
—Practice work the same as First Normal.

Fancy work. (Crochet work).

THIRD NORMAL (Five periods per week, first semester)—
Fancy waists, woolen garments, making of models, etc.

Fancy work. (Advanced work in embroidery, Battenburg or lace making).

The special Course will include the practice work of First, Second, and Third Normal, and special instruction in sewing for others, taking measurements, fitting, etc.

Room and Board, per month.....	\$9.50
Incidental Fee, per year	1.00
Tuition for New Orleans University, per month	1.50
Diplomas	1.00

Address all correspondence to Miss Ida M. Gibson,
5323 Pitt St., New Orleans, La.

A large variety of clothing is undesirable. Each girl should bring a plainly marked umbrella and rubbers. She should have two plain wash dresses and a supply of work aprons for home wear. A white dress is desirable for special occasions. The uniform, consisting of a plain navy blue serge skirt and a white waist or the regulation "Middy" blouse with navy blue collar and cuffs answers for all ordinary occasions. The college cap takes the place of a hat.

SESSION 1913-1914.

MEDICAL DEPARTMENT.

EXPLANATORY STATEMENT.

For twenty years this Department continued its work as best it could with the means and equipment furnished, graduating in this time one hundred and two Physicians. But this was during a time when little or no attention was given to Medical education outside the individual school. Each therefore became a law unto itself, with the result that no uniformity of courses and requirements existed, and when a few years ago the American Medical Association, through its Council on Medical Education, began the work of unifying and systematizing the courses of instruction and other requirements for a Medical education, it was found that Flint Medical College, for lack of equipment and especially for lack of adequate hospital facilities, came far short in measuring up to what has come to be recognized a standard Medical College. Time was given in which to make the necessary changes, but for lack of funds the time went by with no change made. There was then left but one course to pursue—to close the Medical Department. This was done in 1911 and the catalogue of 1910-'11 remains as the last official announcement.

This closing was expected to be only temporary, however, for the first requirement—a new hospital—we hope to begin work on this year, and as soon thereafter as we shall be able to erect a new college building, a Class “A” Medical College will again open its doors to Colored men and women.

CALENDAR.

1913.

SATURDAY, SEPTEMBER 27. Examination for conditioned students and matriculation of new students.

MONDAY, SEPTEMBER 29. The Fourteenth Annual Session opens.

1914.

MONDAY, JANUARY 19. Second Semester begins.

THURSDAY, APRIL 30. Commencement Day.

LOCATION.

The College building is located at 1566 Canal Street, corner of Canal and South Robertson Streets, near the center of New Orleans, and easily reached by street cars from any part of the city. Take or get a transfer to either a Canal Belt or Claiborne Avenue car and get off at South Robertson Street, directly in front of the College.

REQUIREMENTS FOR MATRICULATION.

- I. One must be at least 18 years of age before matriculating in this department, and must furnish satisfactory evidence of good moral character.
- II. A preliminary education equal to one year's work in an approved High School, Normal School or Academy, or the first year of the College Preparatory course of an approved College or University, will be required to matriculate in Pharmacy. Hereafter only those presenting the above qualifications will be permitted to enter.
- III. Women are admitted on the same terms and under the same conditions that men are.

ADMISSION TO ADVANCED STANDING.

Advanced standings will be granted to only those who have taken work in a recognized School of Pharmacy or Medicine, and who shall furnish certified credentials for work completed in such schools, accompanied by a catalogue of the College from which credit is to be accepted.

REGISTRATION.

At the opening of each session, students are requested to enroll their names and residences in the College register. This register will be closed after November 1st each year, as an attendance of 80 per cent is required and if entry is made later than this date, credit can not be given for a full year's work. We strongly urge that all students be present on the opening day, for it is in the first few days of the school year that the foundation is laid for the whole year's work.

COURSE OF STUDY.

FIRST YEAR.

Materia Medica	30 hrs.	Botany	30 hrs.
Chemistry (General)	90 hrs.	Medical Latin	30 hrs.
Pharmacology	30 hrs.	Pharmacy	90 hrs.
Hygiene	30 hrs.	Pharmaceutical	
Physiology	60 hrs.	Mathematics	30 hrs.
Physics	30 hrs.		

Laboratory Work	{ Pharmacy	100 hrs.
	{ Chemistry	200 hrs.

SECOND YEAR.

Materia Medica	30 hrs.	Botany	30 hrs.
Chemistry (Organic)	60 hrs.	Pharmacognosy	30 hrs.
Pharmacology	30 hrs.	Pharmacy	90 hrs.
Physiology	60 hrs.	Pharmaceutical	
Therapeutics	30 hrs.	Jurisprudence	15 hrs.
Toxicology	30 hrs.	Commercial Pharmacy	30 hrs.
Bacteriology	60 hrs.		

Laboratory Work	{	Pharmacy	150 hrs.	
		Chemistry {	Organic	100 hrs.
			Analytical	40 hrs.
		Bacteriology	60 hrs.	
		Materia Medica	60 hrs.	

METHODS OF INSTRUCTION.

The subjects of this course are taught by lectures, recitations and Laboratory experiments and demonstrations. Laboratory courses are given in Pharmacy, Chemistry, Bacteriology and Materia Medica.

TEXT BOOKS.

Pharmacy, Remington; Chemistry, Simon; Materia Medica, Potter; Physiology, Brubaker's Compend; Bacteriology, Jorden; Botany, Bergen; Toxicology, Brundage; Dictionary, Dorland; Hygiene, Egbert; Physics, Carhart & Chute; Medical Latin, Crothers & Bice; Pharmaceutical Mathematics, Sturmer; Commercial Pharmacy, O'Conner; Laboratory Manual (Chemistry) Remsen.

FEES AND OTHER EXPENSES.

Matriculation Fee (payable but once)	\$ 5.00
Annual Tuition	40.00
Laboratory Fees (each year)	10.00
Diploma Fee (by all graduates)	10.00
Books for the entire course, about	30.00

Board and room can be gotten in private families for from \$12.00 to \$15.00 per month.

A breakage fee of \$5.00 will be charged all taking laboratory work. Same will be refunded at the close of each session, if no apparatus has been broken.

Tuition and other fees to be paid as follows: Matriculation fee and breakage deposit, together with one-half annual tuition and laboratory fees, paid on entering, the balance to be paid on or before the first day of February, or, if the entire amount is paid in full at the opening of the session, a 5 per cent reduction will be made on all but matriculation fee and breakage deposit.

NIGHT CLASSES.

This past session a night class was organized, meeting four times each week, from 7:00 to 10:30 p. m. This class will receive full credit for the time put in, and will be permitted to graduate only when they shall have completed the full course of study given above.

From the fact that the faculty are paid extra for the night work, this class will pay the same annual tuition and other fees as above given, each year of attendance.

This class will be governed by all rules of the School, the same as all other classes are. Only those who can not possibly attend in the day class will be admitted to this class.

RULES GOVERNING EXAMINATIONS AND PROMOTIONS.

The college year of thirty weeks is divided into two semesters. Three days of the last week in each semester will be devoted to a general examination. Examinations will be given at no other time, unless failure to take the regular examination was due to good and sufficient reasons, such reasons to be made known to the Examiner or Dean at or before the examination.

An average of 75 per cent in all work for the year is required before any student will be promoted to the next higher class, from the fact that attendance and daily quizz are credited in making up the term's average, no paper will be considered satisfactory that is graded below 60 per cent.

Students having made an average of 75 per cent for all the subjects in the first year will be promoted to the second year, providing they have not more than two conditions pending. All conditions must be removed by the end of the first semester in the second year.

Candidates for graduation must have all conditions removed by the close of the first semester in the year to graduate.

If a student has more than two conditions or an average below 75 per cent, he will be required to repeat the entire year's work, without any credit for time.

All students will be governed by these rules, and by any changes or new ones the faculty may deem necessary at any time to make.

REQUIREMENTS FOR GRADUATION.

- I. The applicant must be at least twenty years of age, and of good moral character.
- II. He must have been in the regular study of Pharmacy (or Medicine for which credit was granted) in some accredited school at least two sessions of thirty weeks each, the last session must have been at Flint.
- III. He Must have passed a satisfactory examination in each of the subjects of the course, and must have been in attendance upon 80 per cent of all exercises of each year, and must have demonstrated his fitness for assuming positions of responsibility.
- IV. He must have paid all tuitions and fees, including diploma fee. To all who shall have complied with these requirements the degree of Graduate in Pharmacy (Ph. G.) will be granted.

ROLL OF STUDENTS.

NOTE.—The fact that a student's name appears in this list does not necessarily indicate that such student has completed the work of the year in which his name appears, or that he will be promoted or granted a diploma.

NURSE TRAINING DEPARTMENT.

SARAH GOODRIDGE HOSPITAL

NURSE TRAINING SCHOOL

Formerly Phyllis Wheatly Sanitarium.

VIRTUE.

O thou bright jewel in my aim I strive
To comprehend thee. Thine own words declare
Wisdom is higher than a fool can reach.
I cease to wonder, and no more attempt
Thine heights t' explore, or fathom thy profound.
But, O my soul, sink not into despair,
Virtue is near thee, and with gentle hand
Would now embrace thee, hovers o'er thine head.
Fain would the heaven-born soul with her converse,
Then seek, then court her for her promised bliss.
—Phyllis Wheatley.

HISTORICAL.

Phyllis Wheatley was born in Africa about 1753. Brought as a slave to America she was sold when about eight years of age to John Wheatley of Boston. In her master's family she developed rapidly, acquiring English quickly, and began the study of Latin. Of a deeply moral and religious nature, her reflective moods found expression in little gems of verse that won appreciative recognition both in England and America. She died in Boston, December 5th, 1784. In 1894 a group of earnest women of this city devoted to the advancement of their race and sex, known as the Phyllis Wheatley Club, conceived the idea of establishing a Training School for Colored Nurses. The school was formally opened October 31st, 1896, with five nurses entering upon the course of training. In October, 1897, because of lack of financial support, the school was taken over by the New Orleans University, and merged with the Hospital adjunct to the College. In 1901, in recognition of a gift of several thousand dollars for an endowment, the name was changed to Sarah Goodrich Hospital and Nurse Training School, and provision made for the establishment of a ward to be known as the Phyllis Wheatley Maternity Ward. Two years later, a two-story frame building, adjacent to the College was purchased and the Hospital and Nurses Training School established therein. In 1905, the course of study was systematized and placed on a graded basis, and the work so organized that each obtains a thorough training in both theoretical and practical nursing.

FACULTY.

R. T. FULLER, M. D., SUPERINTENDENT.
Instructor in Anatomy, Obstetrics and Materia Medica.

ORELIA WILLIAMS,
Head Nurse.

IDA E. FULLER,
Matron.

G. B. KRAMER, M. D.,
Instructor in Bacteriology.

ELIZABETH CASSELL,
Instructor in Dietetics.

RIVERS FREDRICKS, M. D.,
Instructor in Surgical Nursing.

SESSION.

The next annual session begins October 1, 1913, and continues for thirty weeks. This is the study course (class work). It is the purpose of the hospital, however, that all new nurses shall enter in May at the close of the session each year, for two reasons; First, they will have passed their probationary period before the opening of College; second, they will thereby finish both the study course and get in their required time at the close of the session, and hereafter no nurse will be called for at any other time except to fill vacancies that may happen during the year.

ADMISSION.

Applicants for this course must be not less than nineteen years of age, must furnish satisfactory evidence as to character and ability (two reliable references), and must furnish evidence of having finished the eighth grade and we prefer that she shall have taken thereafter one year, or more, of either a normal or college preparatory course, or equivalent.

All applicants are admitted at first on probation, which period may extend to three months. When this period has been satisfactorily passed the person is enrolled as a resident nurse, and furnished with her uniform (credit being given for this time).

As only a limited number can be received, those desiring to

take this course, should send their application to the office early, where it will be kept on file, and when vacancies are to be filled, notice will be sent to those eligible.

The exactions made upon a nurse are such as require much strength of body and good health, together with a patient, forbearing and gentle disposition, any anyone not possessed with these qualifications or one who is looking for an easy time should not apply.

The right to terminate the course at any time for sufficient cause is reserved by the Superintendent.

COURSE OF STUDY.

FIRST YEAR—Anatomy and Physiology; Dietetics (Theory); Bacteriology; Principles of Nursing; Fever Nursing.

SECOND YEAR—Anatomy and Physiology; Principles of Nursing; Massage; Hygiene; Dietetics (Practice).

THIRD YEAR—Surgical Nursing; Obstetrics and Gynecology; Materia Medica; Nurses Ethics.

Besides the above didactic instruction, nurses are on duty in the Hospital for the full three years, except one month's vacation each year.

Promotions will not be made from one year to the next until the nurse shall have passed a satisfactory examination in all the subjects of that year. An average grade of 75 per cent for all the subjects of the year shall be considered satisfactory, providing not less than 70 per cent shall have been made in any one branch. If less than 70 per cent is made in two subjects, the conditions may be removed by taking an examination before the opening of the next session, but if more than two conditions are pending the nurse will have to repeat the year.

APPLICATION BLANK FOR ADMISSION TO SARAH
GOODRICH HOSPITAL NURSE TRAINING SCHOOL.

(To be filled out by Applicant and sent to 1566 Canal Street,
New Orleans, La.)

Name.....

Residence.....

Age..... Weight..... Height.....

Date..... Place.....

This application will be placed on file as soon as received; and if the applicant be accepted, she will be notified about when she will be expected to come. A recent photograph should also be enclosed; this will be returned.

GENERAL REMARKS.

Four qualifications are necessary for the young woman who anticipates entering upon a course of Nurse Training.

1. She must have an intellect capable of thoroughly understanding the subjects presented in her course.

2. She must have a strong physique and robust health, for the work is arduous and the hours long.

3. She must have a cheerful, happy disposition, for good spirits are a tonic to the patient, and obedience is essential for the welfare of all.

4. She must be absolutely trustworthy and her character beyond reproach.

Another desirable requisite is a thorough understanding of domestic duties. To correctly sweep a floor, make a bed, or prepare a good meal is as necessary as to be able to take temperature, use a hypodermic syringe, or dress a wound. All are essential, and so our course embraces the most ordinary household duties as well as the highest points of nursing technique.

FEEES AND OTHER EXPENSES.

Each nurse is required to deposit \$5.00 on entering the hospital; this is refunded if she remains to finish the three years course. Tuition, uniforms, board and plain washing are free.

Each nurse must bring with her plain blue Gingham dresses and white aprons (three will be needed) to wear during their probationary period, as uniforms are not furnished till she is admitted from probation.

Each nurse furnishes her own street clothing, under clothing, shoes, etc., as well as her own books, thermometers and hypodermic outfits. Books cost about \$6.00 each year.

The entire time and services of each nurse are at the disposal of the hospital during the entire three years of her training, but each will receive \$25.000 in cash during the third year, thus making the course practically free.

SCHOOL OF MIDWIFERY.

Owing to the fact that a large part of the Obstetrical practice in this part of the South is being done by Midwives, and to meet the demand of the State Board that these Midwives be more thoroughly trained and equipped for their work, the Sarah Goodrich Hospital on October 1st, 1912, opened this department with the following course and requirements.

LENGTH OF COURSE.

The school session begins October 1st each year and continues for thirty weeks exclusive of vacations.

REQUIREMENTS FOR ENTERING.

Only women are admitted to this course, and they must give evidence of ability to read and write the English language intelligently.

TWO YEAR COURSE OF STUDY.

An hour lesson will be given in each of the following subjects, weekly: Anatomy and Physiology; Obstetrics; Bacteriology; Hygiene; Chemistry.

TEXT BOOKS USED AND COST.

Anatomy, Lewis, \$1.75; Obstetrics, King, \$2.75; Bacteriology, Langfield, \$1.25; Hygiene, McIsaac, \$1.25. No book is used in Chemistry. Dr. Kramer gives a series of lectures and laboratory demonstrations suitable for this course of study.

All books may be gotten at the office.

In addition to the above course of study each member of the class is supposed to attend at least six cases of confinement before being graduated. In order that they may have this opportunity under the supervision of the instructor of Obstetrics, the hospital offers free bed for maternity cases. Applicants for this free service will be received only when sent by a Physician or Midwife certifying that said applicant is unable to pay for such service.

TUITION AND FEES.

The tuition and fees for this course will be four dollars per month, payable on the first of each month in advance.

A diploma fee of \$2.00 will be charged for all completing this course.

REQUIREMENTS FOR GRADUATION.

All who shall take the above course for two full sessions of thirty weeks each, and shall pass a satisfactory examination in each of the subjects in the course, and having paid all utitions and fees including diploma fee, shall be granted a diploma in Midwifery.

NOTE.—The same rules governing examinations and other matters in the other departments of this school will apply to this department.

NEW ORLEANS UNIVERSITY.

was founded in 1873, and chartered by the Legislature of Louisiana. The school has had a most useful career, and has graduated from its halls many prominent and representative men of the colored race. The students have come from all the Southern States, and from Honduras, Panama, Cuba and the Islands of the British West Indies.

The University has made a unique record as a Christian School. The thoroughness of its work, the number and variety of its departments and courses, the comfort and conveniences of the dormitories, the efficient and sympathetic care of the girls by women who understand them, the wise oversight of both sexes, the religious advantages, these all call for the attention of parents and prospective students.

BUILDINGS AND GROUNDS.

The University, at 5318 St. Charles Avenue, is in one of the most beautiful sections of the City of New Orleans. The grounds include nearly two city squares.

The main building is of brick, five stories high, one hundred fifty feet front, with an ell in which is a large dining room and kitchen.

Besides a large parlor, class and society rooms, there are dormitory accommodations for one hundred fifty students in this building. The building is steam heated.

A building 36x78 feet, two stories high, is used exclusively for recitation rooms. It will accommodate three hundred fifty students.

The main building is provided with fire escapes.

The value of the entire property is \$250,000.

The new annex contains a large auditorium, besides recitation rooms and laboratories.

DEPARTMENTS.

COLLEGE.

COLLEGE PREPARATORY.

MUSIC.

DOMESTIC SCIENCE, INCLUDING COOKING, BAKING, ETC.

DOMESTIC ART, INCLUDING SEWING, DRESS MAKING,
ETC.

COMMERCIAL, INCLUDING BOOKKEEPING, TYPEWRITING,
STENOGRAPHY.

ELOCUTION, INCLUDING ORATORY, ESSAY WRITING, PUB-
LIC READING.

NIGHT SCHOOL, INCLUDING GRADES ONE TO EIGHT.

ADMISSION.

The University is open to young men and women of all religions. It aims to give all alike a thorough Christian education.

Applicants for admission must furnish satisfactory evidence of good moral character.

No student leaving another school during the year will be admitted without a letter of honorable dismissal.

Students are admitted for not less than one month, and no deduction will be made for absence except in case of protracted illness.

Students coming from other schools must bring a certificate showing what studies they have completed.

EXAMINATIONS, GRADES, ETC.

Twice during each term, all students are required to pass a written examination.

A record is kept of daily work in each subject, and this, averaged with the examination grade, determines the student's actual standing.

A grade of seventy per cent in any study is necessary for advancement.

These grades are placed upon the permanent record of the University, and abstracts are sent to parents at the close of each term.

Students may not take less than four studies without special permission.

Those who can not complete the regular courses are permitted to elect studies subject to the approval of the faculty.

TEXT BOOKS.

Students should not purchase text-books until they are assigned classes. Books and stationery of all kinds used in the school can be had at the office of the University. As text-books are sometimes changed, second-hand books should not be purchased before consulting the President or designated officer. Books must be paid for on delivery.

GOVERNMENT AND REGULATIONS.

It is the purpose of the University so to develop the habit of virtuous self-government that it will become a fixed principle of character. With this end in view, the rules adopted are few, plain and reasonable.

Students who do not apply themselves diligently to their studies, who do not conform willingly to the rules, or whose influence is evil, will be suspended or expelled at the discretion of the President.

There are regular hours. These must be scrupulously observed.

Ladies can not receive visits from gentlemen other than fathers or brothers except in the presence of a chaperon.

Students are not allowed to receive calls on Sundays without special permission.

Unless by special arrangement, students over ten years of age whose parents do not reside in the city must board in the Dormitory.

Students will not be allowed to discontinue a study until completed, without the consent of the President.

All boarding students are required to attend University Sunday School, Preaching Service, Afternoon Quiet Hour and Evening Service.

All students are required to attend a daily Chapel Service.

No student boarding in the University is to be absent from the grounds except by permission.

Students must keep their rooms clean, in good order, and ready for inspection at proper times.

Students must not contract debts, either at the University or with outside persons. Parents and guardians are expected to provide for all necessities.

The use of intoxicating liquors, or tobacco in any form, using indecent or profane language, and all other improper acts are strictly forbidden.

Students are not allowed to have in their possession firearms of any kind.

Students must deposit twenty-five cents for room key, which will be refunded at the end of the session when key is returned.

SUGGESTIONS AND REQUIREMENTS.

Students, on their arrival at the University, are advised to deposit their money in the office for safe keeping. The University will not be responsible for money lost unless it is thus given into its care.

Money for students should be forwarded to the President, by post-office money-order or registered letter. A receipt will be given for all money received.

Direct all letters and packages in care of the President, New Orleans University, 5318 St. Charles Avenue, New Orleans, La.

Every student must be provided with rubber shoes and an umbrella, also with plain and comfortable clothing sufficient to last at least one term.

Simplicity in dress is encouraged.

All boarding students should bring with them a bedspread, a pair of blankets, a heavy quilt, a mosquito bar, sheets, pillow cases, towels and napkins.

CAUTION.

On arriving in the city, keep your checks until you reach the University. Your baggage will be sent for and delivered at the least possible expense. Take the St. Charles Belt Electric car which will leave you at the University.

Do not start from home so as to arrive at the University on Sunday.

Students will find it greatly to their advantage to enter at the beginning of the term.

MAIL MATTER.

A designated officer claims and exercises the right to open and inspect all mail matter addressed to young ladies, excepting such as comes from their parents.

LITERARY SOCIETIES AND OTHER AUXILIARIES.

The University maintains Literary Societies, a Temperance Society, a Young Woman's Christian Association, a Young Men's Christian Association, a Missionary Society, a Sunday School, and other auxiliaries.

The Missionary Society, called the "William Taylor Band of Friends of Africa," keeps constantly before the minds of students the redemption of Africa. A goodly number of the graduates of the University are teachers and leaders in Africa, and the society maintains a student in one of the Colleges.

In the Societies and various institutions of the University, students have a splendid opportunity for instruction and practice in public speaking and the conduct of public meetings.

The daily Chapel exercises are impressive. The University is noted for the large number of visitors who appear on the chapel rostrum. Students thus come to be familiar with representative persons in the various walks of life.

Public worship is conducted every Sabbath at 11 o'clock a. m., in the University Auditorium.

RELIGION.

The University is positively Christian. Christian education is its policy. Its law is the law of Christ. The school is generously broad, and no attempt is made to draw students from their religious faith.

ATHLETICS.

The University has a fine record in manly sports. The Athletic Association is under the direction of the President

and Faculty, having a member of the Faculty connected therewith. The rules appended, which are rigidly enforced, indicate the clean character and strict government of play.

RULES.

1. No student shall be permitted to be on any of the athletic teams or take part in any interscholastic contest, either at home or away from home, until he is an approved student of the University, and is making a standing in studies, work and conduct satisfactory to the Faculty.

2. After having become members of any of the teams, students shall remain on them only as long as their studies, work and conduct are satisfactory to the Faculty.

3. No match game at home or away from home shall be arranged without the consent of the President.

4. Before each match game at home or trip from home, a list of the players and substitutes must be submitted to the President through the Faculty member of the Athletic Association.

5. Any member of a team who cuts his class or neglects study in order to play or practice thereby severs his connection with the team.

6. Teams are not permitted to travel on Sunday, either going or returning.

7. No student shall receive remuneration in any form or from any source for his services on any athletic team.

OFFICES OF THE UNIVERSITY.

The offices of the University are located at 5318 St. Charles Avenue, New Orleans, La.

Careful attention is given all correspondence. Information in detail touching all departments is promptly and cheerfully sent upon request. Address all communications to the President, whose standing address is 5318 St. Charles Avenue.

GRADUATES, 1914.

CLASS IN COOKING.

INTERSCOLASTIC CHAMPIONS.

COLLEGE GRADUATES, 1913.

EXPENSES.

Registration Fee, from all students.....	\$ 1.00
Incidental Fee, day students, through sixth grade per month	1.00
Incidental Fee, day students, above sixth grade per month	1.50
Board in Dormitory with room, heat, light and Inci- dental Fee, for all students, per month.....	11.00
Room rent and Incidental Fee, for students who take meals outside the building, per month.....	5.00
Lessons on piano or organ, including use of instru- ment, per month, two lessons a week.....	3.00
Per month, one lesson a week.....	2.00
Lessons on violin, per month.....	2.00
Lessons in voice.....	2.00
Drill in chorus, free.	
Stenography, per month.....	2.00
Typewriting, per month	2.00
Rent of typewriter for practice, per month.....	.50
Laboratory Fee for Chemistry or Physics, per sem- ester	1.00
Diploma, College....	5.00
Diploma, Normal.....	3.00
Certificate, College Preparatory	2.00
Certificate, English Department.....	1.00
Certificate, Music Department.....	3.00

The children of traveling ministers are given half rates in Incidental Fees.

The first payment is due on registering. A payment is due on the first of every school month thereafter.

No deductions are made for absences except in case of prolonged illness.

Students entering late expecting to make up back work and thus secure promotion with their classes, must pay Incidental fees for the whole year.

College students must pay full Incidental fees at the beginning of each semester.

Checks are subject to the usual exchange, and should be made with this in view.

Credit for work is applied to the expenses of the month following that in which it is done.

Students are required to care for the halls on which they room.

A laundry is furnished where the girls may do their own washing. A small fee of twenty-five cents a month is charged for soap, fire and maintenance.

PAY DAYS FOR THE SCHOOL YEAR, 1914-1915.

The school year of the University is thirty-two weeks long, divided into eight teaching periods of four weeks each. Please observe carefully that the school year does not count by calendar months, that is, from the beginning of one month to the beginning of the next. The session goes by periods of four weeks each. The student pays for a period of four weeks.

The school periods for the school year beginning September 28th, are as follows:

From September 28 to October 26	..4 weeks
From October 26 to November 23	..4 weeks
From November 23 to December 21	..4 weeks
From December 21 to January 18	..4 weeks
From January 18 to February 15	..4 weeks
From February 15 to March 154 weeks
From March 15 to April 124 weeks
From April 12 to May 114 weeks

32 Teaching weeks.

From the above schedule it can readily be seen that when a student pays for the last period of the session he is not paying for the month of May. His last four weeks' period ends May 11.

EXTRACT FROM RULES MADE BY FREEMEN'S AID SOCIETY:

"Section 2. All tuition and other student bills shall be paid in advance and no student shall be permitted to enter without presenting to the teacher a receipt or pass-card from the treasurer showing that his bills are paid. *No president is permitted to give credit for school bills.*"

PRIZES.

The Frederic H. Knight prize for excellence in English will be awarded to the student of the College Preparatory or Normal Department making the best record in this study.

SELF-HELP AND STUDENT AID.

A desire to help one's self is commendable. However, the chief end of one's school course is not to secure a living but an education. This should be emphasized. No student, as a rule, can do work enough to support himself and at the same time find opportunity for study. To attempt to do so frequently defeats the purpose of his coming to the school. It is better to wait and earn money sufficient to pay at least the greater part of the expense. We can furnish only a limited amount of work for worthy students and do not guarantee work to any. The city of New Orleans offers many opportunities for young men desiring work and we are glad, as far as possible, to assist them in securing positions. Deserving students, members of the Methodist Episcopal Church, in the advanced classes, may obtain loans, upon recommendation of the Faculty, from the Board of Education.

Independence and self-reliance on the part of students are emphasized as an important part of their education.

CONFERENCE SCHOLARSHIPS.

It is our purpose to make the collections for local education assist directly the donors. To do this, we propose to turn this collection into a scholarship fund for the benefit of Methodist children. It will be available at the beginning of next school year and will increase in efficiency with the generosity of the people. Briefly, the plan is this—for every ten dollars paid by a church into the treasury of the University for the local education collection, that church shall have the privilege of sending some Methodist child to the school with free incidentals for a year. Any church which raises its full apportionment of twenty-five cents a member may send as many Methodist children as it desires without charge for incidentals.

This of course does not mean free board, room rent or books, but only free incidentals.

The conditions to be fulfilled are as follows: The beneficiary must be

1. A member of a Methodist Episcopal Sunday School.
2. Recommended as worthy by the pastor and District Superintendent.

3. Prepared to enter the seventh grade, if from New Orleans; if from other places, the sixth grade, and must board in the building.

NIGHT SCHOOL.

The Night School of the University will be in charge of competent teachers. Instruction will cover the work in all the grades, one to eight. Credit will be given in the Day School for work done in the Night School.

THE MUSIC DEPARTMENT

PROFESSOR M. S. STEWART.

To afford superior facilities for obtaining a thorough musical education is our aim.

Our courses are in line with those of the best schools, and the methods employed are the results of both experience and acquaintance with recent ideas in teaching.

PIANO.

Pupils of every degree of advancement will be admitted to this department. A course of instruction embracing the standard works has been carefully prepared. The course includes technical exercises designed to give control over the muscles of the fingers, hands and arms. Studies by the best writers, and the best music of ancient and modern composers will be constantly studied.

VOICE.

The physical requirement for successful vocal work will be of first consideration. The proper placing of the tones, correct breathing, the quality of the tone and the expression are all matters of constant attention.

VIOLIN.

In the elementary work, the establishment of the principles of position and exact intonation form the greater part of the work. In the choice of violin literature the individuality of the student comes first into consideration, so that the selection of studies must be made according to the adaptation of the pupil.

MUSIC HISTORY AND HARMONY.

Successful music study depends largely upon the understanding of the various elements constituting a work. The study of Music History and Harmony both tend to bring about this understanding. Both of these subjects are required for graduation.

THE UNIVERSITY ORCHESTRA.

The University Orchestra offers those who are sufficiently advanced, an excellent opportunity for practice in

ensemble playing. Student recitals, in connection with the orchestra, will be given throughout the year. All students are expected to appear in these recitals when requested to do so.

NEW ORLEANS UNIVERSITY ORCHESTRA.

M. S. Stewart, Director.

Violins—Vance Mullon, Phyromn Taylor, Thelma Anderson, Percy Davis, Gladys Kinchen.

Viola—Sadie Charles.

Cello—Norma Hubbard.

Bass—Alcie Boyd.

Pianist—Gladys Chapman.

Drums and Traps—Alice Toler, Charles Bowers.

PECK SCHOOL OF DOMESTIC SCIENCE AND ART.

5323 PITT STREET.

MISS IDA M. GIBSON, SUPERINTENDENT.

MISS MINTA HUNGERFORD, Domestic Art.

MISS ELIZABETH CASSELL, Domestic Science.

MISS MARY LEE TURNER, Domestic Science.

MRS. ALICE N. WYSONG, Domestic Art.

(1) One of the most beautiful and interesting buildings on the campus is Peck School of Domestic Science and Art.

(2) Domestic science, or household science, is very important, for it strikes at the root of things. "The home is the center of the universe, and woman is the center of the home."

(3) The object of domestic science is to fit young women to be good housekeepers, wives and mothers, and to teach them how to keep house so as to make it a place of health, comfort and happiness.

(4) The drudgery connected with household work vanishes when a sufficient amount of knowledge is gained so that it becomes a science.

(5) The Domestic Science Department offers a good, practical course in food and cooking, sanitation and general housekeeping.

FIRST YEAR.

Spring Term—SEVENTH GRADE—Study of fruits, beverages, water, carbo-hydrates. (a) Starches. (b) Sugar. Cookery of vegetables, cereals, fruits.

SECOND YEAR.

Fall Term—EIGHTH GRADE—Study of proteids, fats and oils. (a) Flour. (b) Milk. (c) Meat, eggs, fish; cooking the same. Bread and cake making.

THIRD YEAR.

Spring Term—FIRST NORMAL — Geography of foods; principles in cooking; advanced cookery.

FOURTH YEAR.

Fall Term—**SECOND NORMAL**—Home sanitation, home management; planning and serving meals.

FIFTH YEAR.

Spring Term—**THIRD NORMAL**—Home nursing; invalid cookery.

SIXTH YEAR.

Fall Term—**FOURTH NORMAL**—Dietetics; demonstration work.

DOMESTIC ART.

The instruction in this department includes Plain Sewing, Fancy Work, and Dressmaking. Practice work is given in all kinds of hand sewing, cutting, fitting and the use of the sewing machine.

The plain sewing course includes all work from Fourth Grade through Third Year Normal, and leads to a certificate.

The dressmaking course fits for the work of a regular dressmaker, and is a special course. It leads to a diploma. A fee of \$1.00 per month will be charged in this course.

COURSE OF STUDY

FOURTH AND FIFTH GRADES (Two periods per week, full year)—Use of thimble, needle and scissors; basting, hemming, seams, over-handing, over-casting, mending and darning, buttons and buttonholes, piecing quilts. Fancy work. (Outline work and cross-stitch.)

SIXTH GRADE (Five periods per week, full year)—Review of seams, buttons and buttonholes, mending and darning. Making of aprons, etc., by hand.

Fancy work. (Simple embroidery stitches.)

SEVENTH GRADE (Five periods per week, 1st semester)—Making of fancy aprons, plain underwear, etc., by hand.

Fancy work. (Working initials, fancy bags, etc.)

EIGHTH GRADE (Two periods per week, 2nd semester)—Use of sewing machine, making of underwear and plain garments.

Fancy work (Hemstitching and drawn work.)

FIRST NORMAL (Three periods per week, first semester)—Advanced work in garment making. Use of patterns, cutting and fitting of plain garments.

Fancy work. (Solid and eyelet embroidery.)

SECOND NORMAL (Three periods per week, second semester)—Practice work the same as First Normal.

Fancy work. (Crochet work.)

THIRD NORMAL (Five periods per week, first semester)

--Fancy waists, woollen garments, making of models, etc.

Fancy work. (Advanced work in embroidery, Battenburg or lace making.)

The Special Course will include the practice work of First, Second, and Third Normal, and special instruction in sewing for others, taking measurements, fitting, etc.

Room and Board, per month\$9.50

Incidental Fee, per year 1.00

Incidentals for New Orleans University, per month.. 1.50

Diplomas 1.00

Address all correspondence to Miss Ida M. Gibson,
5323 Pitt St., New Orleans, La.

A large variety of clothing is undesirable. Each girl should bring a plainly marked umbrella and rubbers. She should have two plain wash dresses and a supply of work aprons for home wear. A white dress is desirable for special occasions. The uniform, consisting of a plain navy blue serge skirt and a white waist or the regulation "Mid-dy" blouse with navy blue collar and cuffs, answers for all ordinary occasions. The college cap takes the place of a hat.

FLINT MEDICAL COLLEGE

Department of Pharmacy

=====OF=====

New Orleans University

SARAH GOODRICH HOSPITAL

Nurses Training School

=====AND=====

Department of Midwifery

SESSION 1914-1915.

MEDICAL DEPARTMENT

EXPLANATORY STATEMENT.

For twenty years this department continued its work as best it could with the means and equipment furnished. Graduating in this time one hundred and two physicians. But this was during a time when little or no attention was given to Medical education outside the individual school. Each therefore became a law unto itself, with the result that no uniformity of courses and requirements existed. So when, a few years ago, the American Medical Association, through its Council on Medical Education, began the work of unifying and systematizing the courses of instruction and other requirements for a Medical education, it was found that Flint Medical College, for lack of equipment and especially for lack of adequate hospital facilities, came far short in measuring up to what, has come to be recognized a standard Medical College. Time was given in which to make the necessary changes, but for lack of funds the time went by with no change made. There was then left but one course to pursue—to close the Medical Department. This was done in 1911 and the catalogue of 1910-'11 remains as the last official announcement.

This closing was expected to be only temporary, however, for the first requirement—new hospital—will be realized this summer. work has already started on the same, but only when we shall be able to erect a new college building and increase our endowment to meet the demands of the American Medical Association for a class “A” Medical College can one be opened here.

DR. R. T. FULLER, Dean.

DEPARTMENT OF PHARMACY.

NEW ORLEANS UNIVERSITY.

FACULTY.

CHARLES M. MELDEN, PH. D., D. D.

President of the University.

R. T. FULLER, M. D., DEAN.

Professor of Pharmacology.

EDWARD F. LOPEZ, PHAR. D.

Professor of Pharmacy, Pharmaceutical Mathematics,
Commercial Pharmacy and Jurisprudence.

G. B. KRAMER, M. D.,

Professor of Chemistry, Bacteriology, Physiology,
and Hygiene.

L. T. BURBRIDGE, A. B., M. D.

Professor of Materia Medica.

R. VINING, M. D.

Professor of Therapeutics.

J. A. HARDIN, M. D.

Professor of Toxicology.

CALENDAR

1914.

FRIDAY and SATURDAY, OCTOBER 2 and 3—Examinations for conditioned students and matriculation of new students.

MONDAY, OCTOBER 5.—The Fifteenth Annual Session opens.

1915.

MONDAY, JANUARY 25—Second Semester begins.

THURSDAY, MAY 6—Class Day Exercises.

SUNDAY, MAY 9—Baccalaureate Sermon.

TUESDAY, MAY 11—Commencement Day.

LOCATION.

The College building is located at 1566 Canal Street, corner of Canal and South Robertson Streets, near the center of New Orleans, and easily reached by street cars from any part of the city. Take, or get a transfer to either a Canal Belt or Claiborne Avenue car, and get off at South Robertson Street, directly in front of the College.

REQUIREMENTS FOR MATRICULATION.

- I—One must be at least 18 years of age before matriculating in this department, and must furnish satisfactory evidence of good moral character.
- II—A preliminary education equal to one year's work in an approved High School, Normal School or Academy, or the first year of the College Preparatory course of an approved College or University, will be required to matriculate in Pharmacy. Hereafter only those presenting the above qualifications will be permitted to enter.
- III—Women are admitted on the same terms and under the same conditions that men are.

ADMISSION TO ADVANCED STANDING.

Advanced standings will be granted to only those who have taken work in a recognized School of Pharmacy, and who shall furnish certified credentials for work completed in such schools, accompanied by a catalogue of the College from which credit is to be accepted.

REGISTRATION.

At the opening of each session, students are requested to enroll their names and residences in the College register. This register will be closed after November 1st each year, as an attendance of 80 per cent is required and if entry is made later than this date, credit can not be given for a full year's work. We strongly urge that all students be present on the opening day, for it is in the first few days of the school year that the foundation is laid for the whole year's work.

COURSE OF STUDY.

FIRST YEAR.

Materia Medica	45 hrs.	Botany	30 hrs.
Chemistry (General)	90 hrs.	Medical Latin	30 hrs.
Pharmacology	15 hrs.	Pharmacy	90 hrs.
Hygiene	30 hrs.	Pharmaceutical	
Physiology	60 hrs.	Mathematics	30 hrs.
Laboratory Work	{ Pharmacy.....100 hrs. Chemistry.....200 hrs.		

SECOND YEAR.

Materia Medica	45 hrs.	Pharmacognosy	30 hrs.
Chemistry (Organic)	60 hrs.	Pharmacy	90 hrs.
Pharmacology	30 hrs.	Pharmaceutical	
Therapeutics	15 hrs.	Jurisprudence.....	15 hrs.
Toxicology	30 hrs.	Commercial	
Bacteriology	30 hrs.	Pharmacy	15 hrs.
Botany	30 hrs.		
Laboratory Work	{ Pharmacy		
	{ Chemistry { Organic		
	{ Analytical100 hrs.		
	{ Bacteriology		

METHODS OF INSTRUCTION.

The subjects of this course are taught by lectures, recitations and Laboratory experiments and demonstrations. Laboratory courses are given in Pharmacy, Chemistry, Bacteriology and Materia Medica.

First Year

Daily Class Schedule—Subject to Change.

Sessions 1914-15

Hours:	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
A. M. 8:00 to 9:00	General Chemistry, Lecture or Quiz.		General Chemistry Lecture or Quiz.		General Chemistry Lecture or Quiz.

9:40 to 10:20	Chemistry Laboratory	Chemistry Laboratory	Chemistry Laboratory	Chemistry Laboratory	Chemistry Laboratory
10:20 to 11:00				Bacteriology Lecture or Quiz.	Botany
11:00 to 11:40				Bacteriology Laboratory	Botany Laboratory
12:30 to 1:10					
P. M.					
1:00 to 2:00	Pharmacy Lecture or Quiz.		Pharmacy Lecture or Quiz.	Materia Medica	Pharmacy Lecture or Quiz.
2:00 to 3:00	Pharmacy Laboratory		Pharmacy Laboratory	Therapeutics & M. M.	Pharmacy Laboratory
3:00 to 4:00			Pharmacy Laboratory	Pharmacology	Pharmacy Laboratory
4:00to 5:00			Pharmacognosy	Jurisprudence and Commel. Pharmacy	Toxicology

TEXT BOOKS.

Pharmacy, Remington; Chemistry, Simon; Materia Medica, Potter; Physiology, Brubaker's Compend; Bacteriology, Jorden; Botany, Bergen; Toxicology, Brundage; Dictionary, Dorland; Hygiene, Egbert; Medical Latin, Crothers & Bice; Pharmaceutical Mathematics, Sturmer; Commercial Pharmacy, O'Conner; Laboratory Manual (Chemistry) Remsen.

FEES AND OTHER EXPENSES.

Annual Tuition, Laboratory Fees and Matriculation

Fee (each year)	\$60.00
Diploma Fee (from all graduates).....	10.00
Books for the Entire Course (about \$24.00 first year)	32.00

BOARD—All students living outside the city will be required to live in the dormitory at New Orleans University where Board and Room with heat and light will be furnished at \$10.00 per month.

In addition to the above fees a breakage deposit of \$2.50 will be collected from each student at the opening of the session, same will be returned at the close after deducting amount of any breakage.

Tuition and other fees are to be paid as follows: \$25.00 on matriculation and \$5.00 per month payable on the first of each of the seven college months after October.

DISCOUNTS AND WORK ALLOWED.

A discount of 5 per cent will be made from tuition and fees if paid in full at the opening of school year; \$5.00 will be reduced from each second year students account for each new student they may secure for the first year class, such credit to be made only after new student has finished paying all tuitions and fees. Opportunity will be given each student to work out at least \$5.00 of tuition account.

NIGHT CLASS.

The night class will be discontinued after this session (1914-15) unless enough students can be guaranteed to meet all extra cost for same.

RULES GOVERNING EXAMINATIONS AND PROMOTIONS.

The College year of thirty weeks is divided into two semesters. A general examination will be given during the last week of each semester, in addition to these a mid-semester examination will be given in each subject of the course and each member of the faculty may give written tests and reviews as they may deem advisable. Make up examinations will not be permitted unless absence from the regular examination was due to good and sufficient reasons, such reasons to be made known either to the Examiner or the Dean at or before the examination.

An average of 75 per cent in all work for the year is required before any student will be promoted to the next higher class, from the fact that attendance and daily quizz are credited in making up the term's average, no paper will be considered satisfactory that is graded below 60 per cent.

Students having made an average of 75 per cent for all the subjects in the first year will be promoted to the second year, providing they have not more than two conditions pending. All conditions must be removed by the end of the first semester in the second year.

If a student has more than two conditions or an average below 75 per cent, he will be required to repeat the entire year's work, without any credit for time.

All students will be governed by these rules, and by any changes or new ones the faculty may deem necessary at any time to make.

REQUIREMENTS FOR GRADUATION.

- I—The applicant must be at least twenty years of age, and of good moral character.
- II—He must have been in the regular study of Pharmacy in some accredited school at least two sessions of thirty weeks each, the last session must have been at Flint.
- III—He must have passed a satisfactory examination in each of the subjects of the course, and must have been in attendance upon 80 per cent of all exercises of each year, and must have demonstrated his fitness for assuming positions of responsibility.

IV—He must have paid all tuitions and fees, including diploma fee. To all who shall have complied with these requirements the degree of Graduate in Pharmacy (Ph. G.) will be granted.

ROLL OF STUDENTS.

NOTE—The fact that a student's name appears in this list does not necessarily indicate that such student has completed the work of the year in which his name appears, or that he will be promoted or granted a diploma.

NURSE TRAINING DEPARTMENT.
SARAH GOODRIDGE HOSPITAL
NURSE TRAINING SCHOOL

Formerly Phyllis Wheatly Sanitarium.

VIRTUE.

O thou bright jewel in my aim I strive
To comprehend thee. Thine own words declare
Wisdom is higher than a fool can reach
I cease to wonder, and no more attempt
Thine heights t' explore, or fathom thy profound.
But, O my soul, sink not into despair,
Virtue is near thee, and with gentle hand
Would now embrace thee, hovers o'er thine head.
Fain would the heaven-born soul with her converse,
Then seek, then court her for her promised bliss.

—Phyllis Wheatley.

HISTORICAL.

Phyllis Wheatley was born in Africa about 1753. Brought as a slave to America, she was sold when about eight years of age to John Wheatley of Boston. In her master's family she developed rapidly, acquiring English quickly, and beginning the study of Latin. Of a deeply moral and religious nature, her reflective moods found expression in little gems of verse that won appreciative recognition both in England and America. She died in Boston, December 5th, 1784. In 1894 a group of earnest women of this city devoted to the advancement of their race and sex, known as the Phyllis Wheatley Club, conceived the idea of establishing a Training School for Colored Nurses. The school was formally opened October 31st, 1896, with five nurses entering upon the course of training. In October, 1897, because of lack of financial support, the school was taken over by the New Orleans University, and merged with the Hospital adjunct to the College. In 1901, in recognition of a gift of several thousand dollars for an endowment, the name was changed to Sarah Goodbridge Hospital and Nurse Training School, and provision made for the establishment of a ward to be known as the Phyllis Wheatley Maternity Ward. Two years later, a two-story frame building, adjacent to the College was purchased and the Hospital and Nurses Training School established therein. In 1905, the course of study was systematized and placed on a graded basis, and the work so organized that every student obtains a thorough training in both theoretical and practical nursing.

FACULTY.

- R. T. FULLER, M. D., Superintendent,
Instructor in Anatomy and Physiology, Obstetrics and
Gynecology and Ethics.
PHILLIS CARNINE, Head Nurse,
Instructor in Massage and Fever Nursing.
IDA E. FULLER, Matron,
G. B. KRAMER, M. D.,
Instructor in Bacteriology, Hygiene and Chemistry.
J. A. HARDIN, M. D.,
Instructor in Materia Medica.
R. VINING, M. D.,
Instructor in Principles of Nursing, Medical Nursing.
R. FREDERICKS, M. D.,
Instructor in Surgical Nursing.
MARY TURNER,
Instructor in Dietetics.

ADMISSION.

Time For Entering.

Nurses may enter the Training school on the first of January and the first of June; none will be admitted at any other time unless it be to fill unexpected vacancies. We prefer that all beginners come the first of June.

Qualifications Necessary.

Applicants for this course must be not less than nineteen years of age, must furnish satisfactory evidence as to character and ability, and must furnish credentials showing that they have finished the ninth grade of an accepted High school, Academy or Normal course. (After January, 1916, must have taken two years of a standard High school course or tenth grade).

The exactions made upon a nurse are such as require much strength of body and good health, together with a patient, forbearing and gentle disposition and an unquestioning obedience. Any one not possessed with these qualifications or one who is looking for an easy time should not apply.

All applicants are admitted at first on probation. This period will last three months, during which time a special beginner's course will be given. Those passing this course

and having their practical work satisfactory will be admitted as student nurses and furnished with the regulation hospital uniforms. As only a limited number can be admitted to our classes, those who are eligible and desire to take the course should send in their applications early to the office where they will be kept on file. Accepted applicants will be notified when to come.

The right is reserved by the Superintendent to terminate the course of any nurse at any time for good and sufficient cause.

COURSE OF STUDY.

Three months' Preparatory Course:

Anatomy & Physiology of	{ Circulatory organs. Respiratory organs Digestive organs..... }	12 hours
Principles of Nursing		12 hours
Junior Nurse		12 hours
Materia Medica (preparatory) including solu- tions		12 hours
Nurses Ethics and Hygiene (personal)		12 hours
Dietetics		6 hours
Bacteriology (Causes of disease and sterilization) (Daily Clinical Demonstrations.)		6 hours

FIRST YEAR.

Anatomy and Physiology	20 hours
Dietetics	20 hours
Bacteriology and Pathology	12 hours
Principles of Nursing (Practical)	20 hours
Fever Nursing and Hydro-therapy	20 hours
Chemistry and Urinalysis	8 hours
Physical Culture	12 hours
	<hr/>
	112 hours

(Daily Clinical Demonstrations.)

SECOND YEAR.

Medical Nursing, including Nervous Diseases	20 hours
Principles of Nursing (Practical)	20 hours
Massage	20 hours
Hygiene and Sanitation	10 hours
Dietetics (Diet Kitchen)	20 hours
Ethics	10 hours
Obstetrics	12 hours

Surgical Nursing and Bandaging	12 hours
Materia Medica and Toxicology	12 hours
Eye, Ear, Nose and Throat.....	12 hours
Children's Diseases	12 hours

 160 hours

(Daily Clinical Demonstrations.)

THIRD YEAR.

Surgical Nursing	20 hours
Obstetrics and Gynecology	20 hours
Medical Nursing, including Contagious Diseases.....	32 hours
Jurisprudence	5 hours
Emergencies	15 hours
Anatomy and Physiology	12 hours
Dietetics	8 hours

Reviews.....

Chemistry and Toxicology	4 hours
Obstetrics and Gynecology	12 hours
Surgical Nursing	12 hours

 140 hours

(Practical Lectures, Clinics and Demonstrations.)

Besides the above Didactic Course, nurses are on duty in the hospital for three full years except one half-month's vacation between the first and second years and the same between the second and third years.

Two general examinations will be given each year, with monthly written tests and reviews. From these the theoretical work will be graded, an average of 75 per cent being required to pass any year's work, a minimum of 65 per cent being accepted in any one subject. If graded below this the student will be conditioned and can not be promoted with more than two conditions.

ROLL OF NURSES.

NOTE—The fact that a nurse's name appears in this list does not necessarily indicate that such nurse has completed the work of the year in which her name appears, or that she will be promoted or granted a diploma.

SCHOOL OF MIDWIFERY.

Owing to the fact that a large part of the Obstetrical practice in this part of the South is being done by Midwives, and to meet the demand of the State Board that these Midwives be more thoroughly trained and equipped for their work, the Sarah Goodridge Hospital on October 1st, 1912, opened this department with the following course and requirements.

LENGTH OF COURSE.

The school session begins October 1st each year and continues for thirty weeks, exclusive of vacations.

REQUIREMENTS FOR ENTERING.

Only women are admitted to this course, and they must give evidence of ability to read and write the English language intelligently.

TWO YEAR COURSE OF STUDY.

An hour lesson will be given in each of the following subjects, weekly: Anatomy and Physiology; Obstetrics; Bacteriology; Hygiene; Chemistry.

TEXT BOOKS USED AND COST.

Anatomy, Lewis, \$1.75; Obstetrics, King, \$2.75; Bacteriology, Langfield, \$1.25; Hygiene, McIsaac, \$1.25. No book is used in Chemistry. Dr. Kramer gives a series of lectures and laboratory demonstrations suitable for this course of study.

All books may be gotten at the office.

In addition to the above course of study, each member of the class is supposed to attend at least six cases of confinement before being graduated. In order that she may have this opportunity under the supervision of the instructor of Obstetrics, the hospital offers free bed for maternity cases. Applicants for this free service will be received only when sent by a Physician or Midwife certifying that said applicant is unable to pay for such service.

TUITION AND FEES.

The tuition and fees for this course will be four dollars per month, payable on the first of each month in advance.

A diploma fee of \$2.00 will be charged for all completing this course.

APPLICATION BLANK FOR ADMISSION TO SARAH
GOODRIDGE HOSPITAL NURSE TRAINING
SCHOOL.

Date..... Place.....

This application will be placed on file as soon as received; if the applicant be accepted, she will be notified about when she will be expected to come. A recent photograph should be enclosed.

GENERAL REMARKS.

Four qualifications are necessary for the young woman who anticipates entering upon a course of Nurse Training.

1. She must have an intellect capable of thoroughly understanding the subjects presented in her course.

2. She must have a strong physique and robust health, for the work is arduous and the hours long.

3. She must have a cheerful, happy disposition, for good spirits are a tonic to the patient, and obedience is essential for the welfare of all.

4. She must be absolutely trustworthy and her character beyond reproach.

Another desirable requisite is a thorough understanding of domestic duties. To correctly sweep a floor, make a bed, or prepare a good meal is as necessary as to be able to take temperature, use a hypodermic syringe, or dress a wound. All are essential, and so our course embraces the most ordinary household duties as well as the highest points of nursing technique.

FEES AND OTHER EXPENSES.

Each nurse is required to deposit \$5.00 on entering the hospital; this is refunded if she remains to finish the three years' course. Tuition, uniforms, board and plain washing are free.

Each nurse must bring with her plain blue gingham dresses and white aprons (three will be needed) to wear during her probationary period, as uniforms are not furnished till she is admitted from probation.

Each nurse furnishes her own street clothing, under clothing, shoes, etc., as well as her own books, thermometers and hypodermic outfits. Books cost about \$6.00 each year.

The entire time and services of each nurse are at the disposal of the hospital during the entire three years of her training, but each will receive \$2.50 per month in cash, during the third year, thus making the course practically free.

REQUIREMENTS FOR GRADUATION.

All who shall take the above course for two full sessions of thirty weeks each, and shall pass a satisfactory examination in each of the subjects in the course, having paid all tuitions and fees including diploma fee, shall be granted a diploma in Midwifery.

NOTE—The same rules governing examinations and other matters in the other departments of this school will apply to this department.

ROLL OF STUDENTS.

SECOND YEAR.
